You have two choices; one king-sized bed and two single beds. Every tent comes with 5 windows and thru these windows is the gorgeous scenic of the white-sand beach and clear blue water. Just step out of the tent and walk thru the sand and you will find yourself swim along the 7-colored soft coral, hard coral, and schools of fish. Moreover, a fan is provided to every tent with 24hr electricity and fourteen shared bathrooms are open all day all night.
